Blacks Have the Most Serial Killers for the Last 3 Decades

Andrew Anglin

November 26, 2013

Often when one talks to a liberal about the ridiculous amount of robbery, rape and murder committed by blacks in the United States, he will be confronted with the accusation that ‘Whites also commit violent crimes.’ When the liberal is asked what they are even talking about, they will respond that “most serial killers are White.”

This is, in fact, incorrect. For the last three decades running, the majority of serial killers have been black.

U.S. Serial Killers Percentage by Race and Decade

Jesus was not a Jew

A problem with the above table is that there is no column for Jews.

There are lot of Jewish serial killers.

Jews are not white.

There is an extremely large problem with mixing the races which by the way is totally non Biblical.

Jews do want racial tension as long as they are not the subject of it. They are behind US slavery and European immigration via man made laws and commerce.

Justin Cottrell in his book ‘Rise of the Black Serial Killer’ covers this subject in great detail.

So much for the White Serial Killer stereotype. As Hispanics Jews and other Semites are counted as white, how many actual whites are in the WHITE number?
